END OF SECTION

Connection Café 2019

The Winnipeg Chapter of Construction Specifications Canada (CSC) has hosted “Connection Café” for 23 years. This event continues to be one of the premier events in the construction calendar in Manitoba. Over the years we have renovated, rebuilt and refined this event as it has been our goal to bring value to the Construction and Design community and to the sponsors who have continued to support this popular event.

The 2019 “Connection Café” is in the planning stages and as a valued Sponsor and Guest, we wanted to get that message out to you. The planning committee has reviewed the most recent events, with a purpose to keep it fresh and intriguing, and to continue to provide value. There are a number of changes we have decided to implement, but there is a major Addendum, and it very important to you as a sponsor and guest. The time of year for this event has been changed. There were many positive reasons for this change. The major reasons however were the fact that our Connections Café is very close to the date for CSC Conference and very close to the Winnipeg Chapter Golf tournament. Therefore, in an attempt to spread out your coverage over a bigger time span it was decided to change the date.

Please keep Thursday, September 19th, 2019, available for the 24th Annual “Connection Café”, hosted by CSC Winnipeg Chapter.

We hope that this does not inconvenience any of our sponsors and guests. We are hopeful that this early notification of the new date will give sponsors ample time to schedule your sponsorship opportunities to include CSC Winnipeg’s Connection Café.

For our sponsors an official sponsor packages will be sent out as in the past.
